

Artweger Lifeline Mobil

Exclusive to Eurocare, the Artweger Lifeline Mobil is an exciting addition to our accessible living range. Completely barrier free, the enclosures operate on an advanced rollerball guidance system for ease of use and offer a large unrestricted showering area.

Available in an assortment of styles and finishes Lifeline Mobil provides those with restricted mobility freedom and independence, without compromising on style.

With a further choice of assistive aids such as grips, poles and visual prompts, this eye-catching range is an innovative solution to your showering requirements.

important!

Lifeline Mobil was developed for barrier free installation, therefore water can escape. We highly recommend the use of a shower gutter.

technical information

- ◆ Frame finished in white or silver, other colour finishes available upon request
- ◆ 6mm Safety glass (clear or satin)
- ◆ Optional easy clean Artclean glass
- ◆ Available in right or left hand fitting where appropriate (including panels)
